FOR IMMEDIATE RELEASE

## Deltess Corp. Has Another Winner! Deltess Corp. Launches New Ostrich “On Your Back Chair”

After much anticipation, Deltess Corporation is ready to launch its third line of beach chairs! The newest in the line of Ostrich chairs includes an increased weight capacity (up to 325 pounds), and backpack straps which make travel to the beach easier than ever. The Ostrich On your Back Chair (OYB Chair) will be available for purchase in mid-Fall 2010.

“We’ve listened to the consumer’s needs and developed the chair they want” says company president and co-founder, Adam Tesser. “Adam and I are constantly working on new product ideas and thinking of ways to improve our existing products ” says CEO, David D’Alessandro. Storeowners and customers have told us they can’t wait to get their hands on it!

### About Deltess Corporation:

Deltess Corporation is a pioneering company that designs and manufactures original beach and outdoor products. Deltess incorporated in January 2004 when its two founders began the patent process for their first creation, the *Ostrich 3NI Chair*. With the success of the *3NI*, Deltess began production on a new line of innovations including the *Ostrich Pakseat*, the *Ostrich Chaise* and the soon to be released *Ostrich On Your Back Chair*
